

### **R&R Industrial Mini-Terminal MT102-1- for rough environmental conditions -**

Housing	mounting version, front pane aluminium, electrolytic-oxidated,
Dimensions	(W x H x D) 254 x 132.5 x appr. 40 mm
Display	LC-Display, 4 rows à 40 characters of 5 mm height in 8 x 5 dot matrix behind plexiglass subset of IBM-PC- or standard-LCD-character set
Controller	CPU 80C32, 8K EPROM, ANSI-instruction set (standard)
Interface	RS232C (V.24), asynchronous serial parameters settable by DIL-switch
Protection Class	frontside IP 6 5 (protection against dust and jet water)
Weight	appr. 0.5 kg
Power Supply	8 to 30 V DC, max. 100 mA
Applications	display and input station for industrial PC, controllers
Options	LC-Display with background illumination, keyboard interface for max. 64 keys
