

## R&R Parallel-Port-Card RR-P-167

Inputs,Outputs 48

Dimensions short 8 BIT plug-card for IBM-PC, ISA-Bus

Address range random settable by 8-pin DIP-switch at 8 Byte offsets

Connectors 2 x 34-pin post connector  
1 x 20-pin post connector

Applications industrial PC, e.g. for  
control of LCD-modules  
control of LED (by suitable drive cards)  
sensing of DIP-switches  
sensing of keylock switch
