

R&R Key Switch T2 - for harsh environment -

case	brass, key cap brass or aluminium electric-oxidated optional Edelstahl 1.4305
dimensions	Ø24 mm, depth appr. 13 mm
mounting bore	Ø16 +0.5-0.0 mm, for sheet thickness 1 to 3.5 mm
grid	30 mm
switch	Silicon rubber 3 mm travel / 1 N actuation force, 3 mm / 3 N or 1.2 mm / 3 N Clear actuation point
lifetime	> 3 milliones switch-cycles
On resistance	< 50 Ohm
Load capability	max. 30V/10mA or 12V/30mA
Operating temperature	-30 to +90°C
Storage temperature	-60 to +120°C
Protection class	Front IP 6 5 (protection against dust and jet water)
weight	approx. 30 g
terminal	flat terminal 2,8 x 0,8
